 Plot No. 122 & 123, Sardar Big Industrial  
Hub, Lalpur Highway, Village Changa,  
Jamnagar-361 012, Gujarat (INDIA)

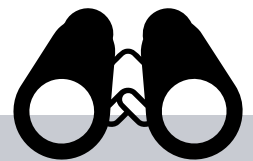

## — ABOUT US

Vision Turning Components Company has emerged as a leading manufacturer and exporter of precision metal components since its establishment in 2008. With over 16 years of experience in the industry, we have expanded our product range to include a variety of high-quality components such as fasteners, electrical components, CNC components, sheet metal stamping parts, machined components, aluminium turn components, stainless steel turned components, automobile components, copper turned components, and turning components. Our commitment to precision and quality has earned us a reputation as a reliable supplier to various industries worldwide.

## OUR MISSION & VISION

“To Work Smart And In An Innovative Way To Support And Delight Customers Through Product Quality, Cost Delivery And Other Services.”

“To Be The Most Preferred Supplier For Industrial Components in Different Industries Across All Major Customers In Automobile And Other Industries.”

# OUR PRODUCTS

## AUTOMOBILE COMPONENTS

### Material:

- IS 319 Brass Free Cutting.
- As per BS-249 Free Cutting Brass Material.
- High Grade Free Cutting.
- Any Special Brass Material Composition on Request.

### Finish and Coating :

Natural, Electro Tinned, Nickel, Chrome, Led, Silver, Gold, Zinc Blue etc.

## TURNED COMPONENTS

### Material:

- Free cutting Brass 319 type or BS 249 type
- Any special Brass Composition as per customers requirement

### Finish and Coating :

Brass natural, Electro-Tinned, Nickel etc.

# OUR PRODUCTS

## CNC COMPONENTS

### Material:

- Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade
- Any Special Brass Material Composition as per customers requirement
- Stainless Steel Turning Grades like 303, 304 etc
- Mild Steel Grades like EN 1A (BS 970 230M07) etc
- Aluminum Turning Grades like 1070 etc

### Finish:

Natural Clean, Nickel, Silver, Tin, White, Yellow or Blue Zinc.

## BRASS TURNED COMPONENTS

### Material:

- Free cutting Brass 319 type or BS 249 type
- Any special Brass Composition as per customers requirement

### Finish and Coating :

Brass natural, Electro-Tinned, Nickel etc.

# OUR PRODUCTS

## COPPER TURNED COMPONENTS

### Material:

- High-quality brass
- Copper,
- Aluminium steel
- Stainless-steel
- Mild steel (MS)
- Bronze
- Any Special material composition as per customers requirement.

### Finish:

Natural, Nickle Plated, Tin Plated brass sheet cutting parts, brass pressed parts or any coating as per customer specification.

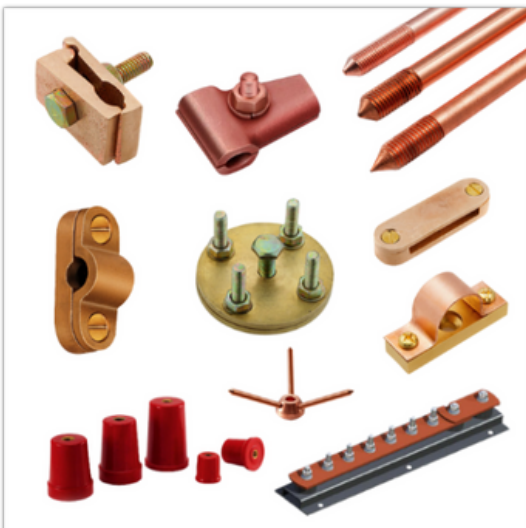

## EARTHING PARTS

### Material:

- High-quality brass
- Copper,
- Aluminium steel
- Stainless-steel
- Mild steel (MS)

### Finish and Coating :

Natural, Nickle Plated, Tin Plated brass sheet cutting parts, brass pressed parts or any coating as per customer specification.

# OUR PRODUCTS

## ELECTRICAL COMPONENTS

### Material:

- Free Cutting Brass IS 319 Type (I) or
- Free Cutting Brass as per BS 249 Type (I) or
- High Grade Free Cutting Brass
- Any Special Brass Material Composition as per customers requirement

### Finish and Coating:

Natural, Nickel Plated, Tin Plated or any coating as per customer specification.

## MACHINED COMPONENTS

### Material:

- High-quality brass
- Copper,
- Aluminium steel
- Stainless-steel
- Mild steel (MS)
- Bronze
- Any Special material composition as per customers requirement.

### Finish:

Natural, Nickel Plated, Tin Plated brass sheet cutting parts, brass pressed parts or any coating as per customer specification.

# OUR PRODUCTS

## FASTENERS

### Material:

- Free Cutting Brass IS 319 Type (I) or
- Free Cutting Brass as per BS 249 Type (I) or
- High Grade Free Cutting Brass
- Any Special Brass Material Composition as per customers requirement

### Finish and Coating:

Natural, Nickel Plated, Tin Plated or any coating as per customer specification.

## STAINLESS STEEL TURNED COMPONENTS

### Material:

- Stainless Steel
- Brass
- Copper
- Any Special Material Composition as per customers requirement

### Finish:

Nickel, electroless nickel, silver, soldering, tin-plating, epoxy powder coating, partial plating, and any other finishing/coating required by the customer

# OUR PRODUCTS

## ALUMINIUM TURNING COMPONENTS

### Material:

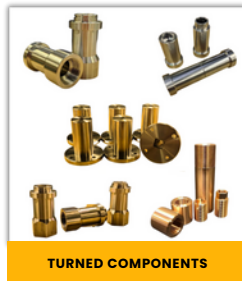

- Aluminum Like Alloy 3003, Alloy 6061
- Any Special Aluminium Material Composition as per customers requirement

### Finish and Coating:

Natural, Chrome Plated, Powder Coating and as per customer specification.

# — OUR FACILITIES

## INFRASTRUCTURE

**Machines:** The company has conventional and semi conventional machinery to produce good quality of Products.

**Maintenance:** We have documented procedure to conduct the preventive maintenance of each and every machinery and instruments. With the help of well developed infrastructure unit, we provide quality Brass Products within stipulated time frame.

**Training:** It is the all time practice of the company to train the entire staff at regular interval to keep updated the strength of the company to produce the excellent quality of the products meeting the highest level of the customer satisfaction all the time.

## CLIENT SATISFACTION

We are a client-centric organization that is focused towards meeting the clients' requirements and demands in the best possible manner. In order to match up to the expectations of our clients, we manufacture our products using optimum quality materials. Further, we check the products on quality, right from the procurement of raw material to the final dispatch of products.

## QUALITY ASSURANCE

Quality Assurance is an integral part of VTC India. We ensure that we are able to deliver high quality products to our customers according to their need. All our valued customers have awarded us consistently ensuring the high quality of our products. All our products pass through stringent quality testing procedures and inspections. We have an efficient quality control system in place.

# TESTIMONIALS

USING VTC INDIA COMPONENTS IN OUR ENERGY PRODUCTION HAS BEEN CRITICAL IN ENSURING THE SAFETY AND EFFICIENCY OF OUR OPERATIONS. WE TRUST HIS QUALITY OF THE INDUSTRIAL COMPONENTS WE USE, AND THEY HAVE NEVER LET US DOWN.

---

VTC INDIA COMPONENTS WE USE IN OUR AEROSPACE APPLICATIONS MUST BE OF THE HIGHEST QUALITY. WE HAVE BEEN USING THESE INDUSTRIAL COMPONENTS FOR YEARS, AND THEY CONTINUE TO EXCEED OUR EXPECTATIONS IN TERMS OF PERFORMANCE AND RELIABILITY.

---

IN THE AUTOMOTIVE INDUSTRY, SAFETY AND RELIABILITY ARE NON-NEGOTIABLE. THAT'S WHY WE USE ONLY THE BEST INDUSTRIAL COMPONENTS IN OUR MANUFACTURING PROCESS. THEY HAVE HELPED US ACHIEVE CONSISTENT QUALITY AND PERFORMANCE IN OUR VEHICLES.

# THANK YOU

Our True Motto — “Provide Better Quality in Affordable Pricing”, we always thrive to build long lasting relationships through dedicated customer service, efficient overall performance and delivering results on time. Strong customer centric approach coupled with continuous quest for world class quality has helped us to attain and sustain leadership in the industry.
